October 2006

Dear Colleague,

Following the success of the first International Educational Course, September 18 – 25, 2005, it gives us great pleasure to inform you of the forthcoming 2nd Eilat International Educational Course: PHARMACOLOGICAL TREATMENT OF EPILEPSY, which will take place at the Princess Hotel, Eilat, Israel, September 2-9, 2007.

Eilat, located on the Red Sea and southern most tip of Israel, is far from the center of Israel. The Princess Hotel, the venue for our Course, is just outside Eilat, located on the crystal clear Red Sea overlooking the Red Mountains and Jordan in the distance. Its isolated location is perfect for the intensive, stimulating scientific program we have planned, but close enough for participants to enjoy all that Eilat has to offer.

We would appreciate it if you could disseminate this information among your young colleagues and junior scientists (45 years and younger). Please submit candidates whom you think suitable for this course. We are happy to inform you that suitable candidates accepted to the course will receive a bursary towards the cost of their flight and accommodation expenses, and registration fees to the course will be waived.

Potential candidates are kindly requested to submit a letter of application, a CV, a recommendation letter from the head of their department or the head of their research lab, and if possible, an abstract based on their research work. These documents should be forwarded to the Course Secretariat by email to eilatedu@targetconf.com and will be evaluated by the Course Organizing Committee. Since the number of bursaries is restricted, we recommend that candidates submit their applications before October 31, 2006.

Attached, please find the preliminary program of the Course. Please do not hesitate to contact any member of the Organizing Committee or the Secretariat if you need any assistance or further information.

Sincerely

Prof. Meir Bialer
on behalf of the Organizing Committee
